What is the ECNL?

ECNL was founded 2009, a result of grassroots collaboration and innovation driven by youth soccer leaders all around the country, the ECNL quickly rose to national prominence – and ultimately to be the top level of competition and player development in the country. Each step was fueled by a shared commitment to elevating the youth soccer experience.

What is the EA?

The Elite Academy League is composed of member clubs that represent Elite competitive clubs in their market and have shown to be of the standard and will benefit from being part of this platform. By unifying clubs from within the conferences, we have maintained the defining standards of previous elite platforms with a collective approach to making sure the platform sits atop the youth landscape.
